Soft skills	Enjoys trying new tools, great team player, attention to detail, critical thinker, good communication skills, ability to find creative solutions to problems, content creation

EXPERIENCE

Software Developer   Mar 2023

Christiania Glasmagasin   *Remote, Norway*

- Migrated an e-commerce app from PHP to React/Next.js, improving load times by 3x and enhancing the user experience.
- Implemented Figma designs into responsive web applications.
- Improved SEO ranking to #1, increasing organic traffic.
- Worked in a small agile team to deliver features and updates efficiently.
- Actively maintained projects for optimal performance and continuous enhancement.

Software Developer   Mar 2020

Openwaver Company LTD   *Remote, Nigeria*

- Led frontend development for two NFT projects, generating $30k in sales.
- Overhauled the company's website in 1 month, improving performance and user satisfaction.
- Integrated RESTful APIs into frontend systems to improve functionality.
- Delivered 8+ web applications, reducing onboarding time by 40%.

Senior Frontend Developer   Oct 2022

JustGo Health   *Remote, Ghana*

- Developed internal tools and the main dashboard using React and Next.js.
- Built most of the core features for the company's healthcare platform, improving usability and performance.
- Worked on the dashboard to help manage patient records and workflows more efficiently.
- Simplified the signup process, cutting onboarding time by 50%.
- Created key UI components to make the platform easier to use and more accessible.

Software Developer   Jan 2020

Opensource Contributions   *Remote*

- Contributed to well-known open-source projects like LinkFree (BioDrop), WhisChat, and TweetSage, with my code reviewed and merged into the projects.
- Designed and developed user interfaces, focusing on creating functional and visually appealing components.
- Worked collaboratively with global developers, improving my programming skills and commitment to open-source development.
